mixture of Noise and

## AA. VV. ' *Sonic Scope 04 The Portable Edition*'

(*Grain Of Sound 2004*)

Music highly experiences them for this collection that is the sonorous alternative to the review anniversary **Sonic Scope** sponsored from the municipal fonoteca of the city of Lisbona. Of scene label the portuguese **Grain Of Sound** that assembles varies composers scattered for the planet, to prepare with of traces that have in the great opening of views and

one almost absolute formal freedom their common denominator. E' therefore that song is passed with disinvoltura from polistrumentali convulsions, to elaborations of frequencies, experimentations also in the within of the shape in alternating itself of moments not little ostici to I listen and that of I shave they have to that to see with melodie and defined structures. An indeed immense size of material therefore, with from which the compositions of the two former Mou emerge for intelligibilità , **lips! Emanuela De Angelis** and **Andrea Gabriel** , here present respective with the their plan single to ribadire detach sensibility ambient and talent not common for the construction digital them, and the dance folk of the French **Eric Pasquereau** in the cloth of **The Patriotic Sunday** . As far as the episodes it votes you to the pure experimentation to signal is practically the great part of the material, with special mention for the recordings of the Californian **Aaron Ximm** aka **Quiet American** who seems to try tail pipes of Harley Davidson in convulso a rumoristico ritmico apparatus and of **Stefano De Santis** in the cloth of **a Urkuma** still more visionario of the usual that brandisce ultrasounds and averse instrumentations in one construction to the limits of the ascoltabile. What it comes outside is a mind trip of 80 minutereren through the territories of the search electronics.

**Added:** December 16th 2004
